

# IF I COULD FLY

By Jill Hucklesby

Calypso meets many unusual and important characters in her story, each one helps her cope with a different challenge. Think about each one here.

Who would you cast as them in a film version? It could be for their voices or how they look/could look? YOU are the casting director so it's YOUR decision!

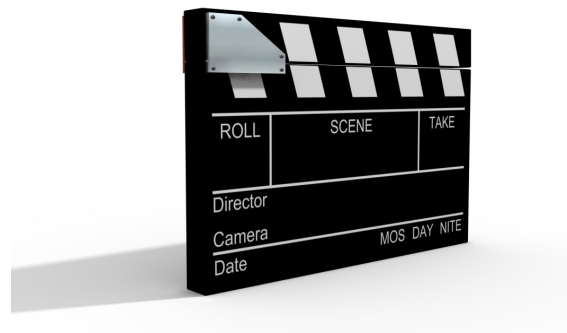

**Bear:** (read page 45-47)

**Dair:** (Chapter 9, page 57 on)

**Alfie:** (read page 130 onwards)

**Maisie in the Laundrette:** (p163-168)

**Calypso** herself

Things to think about:

What key personality features do they have?

Are there any physical features that are important?

What does their voice need to sound like? (Friendly? Scary? Soft)

## **BONUS!**

If you were to pick a song for the opening scene (Calypso running) what music would it be and why?
