

YOUNG SHERLOCK HOLMES: DEATH CLOUD BY ANDREW LANE

FIRST: Read the passage where Sherlock meets his brother Mycroft again (p8-13)

What clues do we get about their relationship?

What descriptive words does the author use to help us quickly learn how Mycroft and Holmes's relationship works?

Is this relationship like that of brothers you know? How is it different? Why?

What do we learn about Holmes' family situation? Where are they?

TASK: Knowing all of this info, produce a Family portrait of the Holmes family for the display.

What will they all look like? How will they be posed? What will they be wearing?

You can take a photo or draw a picture, either way winners will win prizes next week!
