

The Repossession by Sam Hawksmoor

34 kids are missing from the mountain town of Spurlake. No one ever hears from them again. The town community is considering electronic tagging all their children. Meanwhile 15 year old Genie Magee is imprisoned behind bars at home by her mother, who claims her soul is possessed by the Devil.

The Reverend Schneider leads all night vigils to pray for the missing kids' souls, to stop a sickness in the town that seems to drive the kids away.

Genie has almost given up. She has seen no one, does anyone even know she's up there, starving herself to nothing? She knows she is slowly going crazy, seeing visions. She is beginning to think she is as mad as her mother thinks she is.

As storm clouds gather over the mountain town Rian, Genie's boyfriend, has not forgotten her. He plots a daring attempt to break her out and steal her away from Spurlake forever.

Genie's Mum knows where she is but many of the rest of the community don't have a clue what's going on. They are desperate to find out where their children have gone.

Can you design a Missing Persons poster for Genie, as if you are one of her friends from school? Think about including a description, details of her name and date of birth, last seen and who to contact etc.

Write some details down here to plan the poster.
